

Value Added Services for Health , Safety and Environment

INTRODUCTION

Prospecta is a multi line management and consulting firm headquartered in Sydney with operations in US, India, Europe and Middle East. We have an established track record of 8 years in Health, Safety and Environment and diversified client base across various sectors and countries.

Prospecta has been arguably one of the few organizations who have delivered both solutions and services for complete automation and management in the HSE domain

Our solution Work Safe Online which is based on global compliances is an excellent example of our domain expertise and implementation skills in Health and Safety.

WHY OUTSOURCE?

“Outsourcing enables you to concentrate your resources on enhancing domain value”

- ❑ Focus on core competencies, adherence to safety standards and compliances.
- ❑ Valuable cost saving that can be used elsewhere.
- ❑ Effective Data Capture and Management
- ❑ Make use of our domain expertise to handle your noncore and business support activities.
- ❑ Reduced turnaround time and cost.
- ❑ Create a variable cost structure.

OUR DOMAIN KNOWLEDGE

For key decision makers and stakeholders in your organisation, Prospecta offers value added HSE services that combine advanced

analytical abilities and deep domain expertise to deliver value by translating data and information into structured inputs.
